## FESTIVAL STARTS MAY 7 STAGE SET FOR JUBILEE

### With Two Hundred Entries Already In Festival Promises To Be Outstanding Success

According to H. L. Vaughan, secretary of the Grande Prairie Musical Festival, two hundred entries have been received, with a assured success of this looked-forward-to event, which will be held in Grande Prairie on May 7, 8, and 9.

The following are the officers: President, A. E. Gaway; vice-president, H. W. Purdy; secretary, H. L. Vaughan; advertising, Norman Black; publicity, C. Young; syllabus, Fred Lockyer; execution and dramatics, Rev. R. J. Pierce; finance and funds, G. W. Clegg.

The following will be the adjudicators: Music, Vocal and Instrumental—Herbert Wilde of Edmonton; Eloquence and Dramatics—Tad.

### B'Lodge River On Rampage; Hythe Again Terminus

(By The Tribune's Correspondent)

HYTHE, May 25.—Hythe was again at the end of the railway for twenty-four hours owing to a washout on the line a short distance from town. On Wednesday the following morning, the river foreman was picking up every available man in town for an extra gang to repair the railway track and about fifteen miles to Hythe. On Friday morning, when the passenger arrived today it was possible to proceed on to Dawson Creek.

Owing to the winter holding steady until recently, the Beaverlodge River started on a rampage when the flood started at one-quarter of a mile, well up to the town limits, and farmers living adjacent found their buildings completely washed away.

Kelly Sunderman and Bill Stander had to use rowboats to reach town. Stander's home is reported to have lost all but home, food and grain in the flood. Two government steel bridges were submerged, one becoming impassable while the other had to be cut to let water pass through which farmers drove to town.

Considerable damage has been done to the railway, holding steady to smaller creeks which drain into the Beaverlodge. The railway dam stood the flood and test, however.

It is difficult to estimate the damage as yet, but it is thought considerable repair work will be necessary.

Others claim it is the highest they ever saw the Beaverlodge. The last flood was in the spring of 1928.

Any damage done will give much-needed employment to those out of work.

### G. P. Tennis Club Ready For The Season's Play

Commencing the season with a well-attended and enthusiastic annual meeting in the Town Hall on Thursday evening of last week, the Grande Prairie Tennis Club is well on its way to start. Officers and members are looking forward to the club's best year during 1935.

Many changes have been made to estimate the damage, but it is thought considerable repair work will be necessary.

Others claim it is the highest they ever saw the Beaverlodge. The last flood was in the spring of 1928.

Any damage done will give much-needed employment to those out of work.

### Beaver Lodge Is Preparing For May 24th Celebration

BEAVER LODGE, April 30.—At a well-attended meeting of the Beaver Lodge Sports Association held last night, it was decided to organize for the holding of the May 24th celebration—this town's one big day of the year—the following officers were elected for the year:

Officers:

President—Rev. Geo. A. Shields, First Vice-Pres.—Chairman Finch, Second Vice-Pres.—Chairman McKay.

Secretary—N. Grinnell, Treasurer—J. Juniper.

Sub-Committees:

House Committee—Hugh Thompson and George Ray.

Children's Events—C. O. Poot and N. Grinnell.

Entertainment—G. Godfrey and Mary Roberts.

Senior Household—E. J. Jowns, G. A. Sudds and R. Carroll.

Steer Riding—L. Pool, B. Albright and C. Godfrey.

Decorations—W. Mayo, C. Birch and D. Gaudin.

It was decided to set the admission fee at 50 cents for adults and 25 cents for those between the ages of 14 to 18 years of age. Children under 14 will be admitted free.

The Beaver Lodge brass band has been engaged for the occasion.

TILL ROBBED

Sometimes on Thursday night of last week the Peace River Meat Market was broken into and the till robbed. Police are investigating.

GRANDE PRAIRIE PROVINCIAL LIBERAL ASSN. CONVENTION TO BE HELD TUESDAY, JUNE 4TH

TUESDAY, June 4, has been fixed as the date for the annual meeting of the Grande Prairie Provincial Liberal Association for the election of the district convention committee. The date was decided at a meeting held last Friday. The date was fixed far enough in advance to allow time for the election of delegates and for the completion of seeding.

Each poll will be entitled to an equal number of votes, five names or major fraction thereof, on the recent federal voter's lists, with one delegate to each poll in all events.

The following are the district convention committees: Callum H. E. Delfont, Delbert H. Johnson, Clarmont, Ross Beatty, Wembly; H. C. Clegg, Rossland; S. J. McRae, Grande Prairie; Dr. A. MacRae, Hythe; H. H. Conrad, Sexsmith; Geo. Macdonald, Wanham; F. J. Dodge, Spirit River; E. E. Braden, B. C. boundary poll.

It is expected that every section of the constituency will be well represented at the convention. The total possible number of delegates is 143 and every effort will be made to see that no proxies will be allowed at the convention. A motion was also passed that each delegate be allowed to bring three delegates as to supporting any particular candidate. The transportation expenses of delegates to the convention will be paid.

### Town Fathers Budget for the Coming Year

Mill Rate to Be Struck at Next Meeting—Estimates Slightly Higher Than Those of Last Year—All Items Carefully Scrutinized.

Preparatory to striking the mill rate the town fathers on Monday evening considered the estimates for the year, which were finally passed. The estimates of the various departments are as follows:

Finance	\$3,965.00
Works	3,800.00
Police, Fire, Health	3,750.00
Town Hall and Reception	2,327.65
Fire and Light	3,465.70
Parks and Lands	255.50
Total	\$15,742.60

School Regulations

Public and High Schools	\$18,000.00
Separate	2,907.40

Total

Hospital Requirements

Total

Grand Total

Grand Total

The estimates, taken as a whole, are slightly higher than last year. The relief department possibly shows the greatest increase, due principally to the gradually increasing demand upon this department, due principally to the number of unemployed.

The estimates in this department is \$900 over what it was last year.

The requisition for the high and medium schools is over \$1,000 over what it was last year.

J. M. Smart, secretary of the school board, who was present, explained that the school board had to meet more than once to get the money required.

Mr. Spencer spent most of his time in his old home city, Southampton, England, before returning to Canada. He offers his services to the public, modern means of transportation, was being speeded up to relieve congestion, and in order to do this new thoroughfares are being opened and old ones remodeled.

In the preparation of the displays for the opening of the Peace River, Mr. Spencer has been given great powers," said Mr. Spencer. "What he says goes. It is necessary to tear down whole streets of buildings. It is time to let the price of the land be allowed."

Reporter: "Do not people object to these new thoroughfares?"

Mr. Spencer: "There is considerable objection on the part of those affected, but as such action is necessary, the public generally speaking, do not complain."

Thirty miles is the maximum speed in the built-up areas and the law is rigidly enforced, said Mr. Spencer.

"One of the things which strike me is the number of things which strike me as being revolutionary in England," he added. "The other day I saw a man in the street who was carrying a typewriter and a typewriter case. This is something which I have never seen in this country."

The new displays will be set up on the 24th.

Mr. Spencer: "The cost of the displays will be struck at the next meeting of council."

Mr. Spencer: "The amount of \$875.50 was passed by the council."

## Timely Hints From the Beaverlodge Sub-Station

W. D. Albright  
"IT IS A PLEASURE AS WELL AS A DUTY TO SERVE"

The steaming earth looks good, smells good, feels good.

Internal and external parasites take heavy toll of live-stock profits. Worms, warble flies, lice, ticks, watch for them all!

Running water costs gashes in many a slope. Soon comes gashes that spoil nice fields. A stitch in time...

Spring opens with a good store of moisture at all events. That's some encouragement, but a 10 a.m. m'swetched harvest weather.

No matter how the team comes into the ground, it should be fed up and partially hardened before going to the land.

With Garnet departed from the top comes a great deal of interest in centering on the Red Boba strains. For years the Sub-Station staff has been gratified to see a certain cross-bred ear with Reward for districts needing an earlier wheat than Marquis. It often outyields either and it will stand cutting on the green side.

### Possibly Ear Mites in Hog

Seven-month-old pigs for the past two months have runnied around with his head bent out to one side. Most of the time it makes a sort of honking or snorting sound when he walks. It is fed four times a day with soft feed and there is also a soft feeder, but it is far below the weight of any other hogs — E. B. Tangent, Alta.

Ans: It is difficult to diagnose from the description given, but there is a possibility that the hog has been affected with ear mites. The Dominion Veterinary Director suggests that the pig be caught and its ear cut out and examined within the ear being removed with pliers. A mixture of glycerine with a two per cent disinfected oil as a base should be applied to the ear and the ear would then be treated with the cause this would tend to relieve the condition.

### Wild Oats and Strinkweed

I intend to cultivate about 35 acres of cheetah land somewhat infested with wild oats and some strinkweed in places. I double-disked last fall. I would like to make some sort of mixture of grain and straw to be used as a mulch. It is fed four times a day with soft feed, but it is far below the weight of any other hogs — E. B. Tangent, Alta.

### SCHOOL HAS OPENING DANCE

Last night the new secondary school in the Tupper district was opened with a dance. About eighty people were present. After the lunch hour a short program was arranged. Everyone received a good time.

If other plans were tried, it would seem wise to harrow the grain well with a heavy harrow just as the grain begins to ripen on the earth. Indeed, it might be well to sow the grain extra-thick, say three or four bushels per acre, and then thin out when three or four inches tall. If time permitted it would be desirable to plant a second batch just before the oats were seeded. It is doubtful whether cultivating would kill nearly enough of the grain if it breaks up at all lumpy.

In dryish seasons the growing of any crop on the sandbanky land is a poor investment, yield of grain, but at least it gives some forage, and under certain circumstances should help to reduce soil drifting.

### Chicory

Am sending you a small sample of chicory seed. Mine grew very quickly. What to do with them after getting all their growth is a bridge I'll endeavor to find. I send to it — C. W. M. Fitzsimmons, Alta.

## Interesting News From Sexsmith

Vol. III, No. 45 By R. A. MACLEOD April 30, 1935

## SPORTS DAYS WILL BE HELD EARLIER THIS YEAR

AT A MEETING of the Executive of the Sexsmith Athletic Association held last week, it was decided to hold the Sports Day on Wednesday, June 12, instead of July 1.

The main reason for this was that there are so many people away on their holidays in the middle of July, last year there being approximately one hundred of the citizens absent, which necessitated the work being done by the students and by the working workers who were not lucky enough to get away for a vacation. Keep this date in mind.

## OLD LANDMARK REMOVED

An old landmark has been removed from the main street. An iron eagle, about three feet high, sat on an iron stand on the lot just north of the Sexsmith Hotel. It was a gift to the town, but it has now been removed to a safer perch over Don Innes' implement shop.

This eagle has been a great target for the boys, who would plaster it with mud—whatever they was any more, it was a great target. In fact, on last Halloween it got so plastered that it was found lying in the gutter in the middle of the street.

No doubt its medals will be much improved in its new position.

## FIRST IN TOWN WITH CAR

Deems Wyman has the honor of being the first in town this spring with his new Lincoln. It is a beauty with its knee action—in fact every joint had some sort of action—into which he did not have much trouble in negotiating the roads.

## PLANNING OUTSTANDING DANCE SUCCESS FOR MAY 17

The Sexsmith Athletic Association with their first dance of the season, at the Grand Theatre on Friday, May 17, are going to considerable trouble to make this an outstanding success. There will be a five-piece orchestra, with up-to-date music. Keep this date open.

DEATH STALKS THE CIRCUS ON TRAGIC FRIDAY THE 13TH

Frightening Detective Story for "Makiz" Fans Next Week—Friday, Saturday and the Following Monday

Adolphe Menjou, who created the role of Thatcher Colt in Columbia's "The Night Club Lady," returns to the screen in the Grand Theatre on Friday, April 11 and 12 in the second of the Anthony Abbot murder mysteries, "The Circus Queen Murder," with Greta Nissen in the role of the ill-fated performer.

The character, Thatcher Colt, is a New York police captain, a man, who is a polished-looking, fine family background, and at the same time a practical, hard-headed police expert. He is the type of man who is dubious about Colt, as there was for example, in the Philip Van Zandt characterization brought to the screen in "The Thin Man." William Powell is his screen prototype. Powell and Basil Rathbone, in "The Thin Man," and Hulsen in another solved baffling mystery by the uncanny process of induction, are on the contrary, his terms "common sense," plus intelligent police methods.

The frightening Colt in "The Circus Queen Murder" is the carefully concealed killing of a lovely woman ariel with a travelling circus. The plot is so intricate and full of every eye of spectators as she goes through the "big top." No sound? Who would kill her? Her jealous, half-crazed husband? Her lover? Any one of thirteen persons must be the killer. Colt, however, indicates one suspect after another, finally tracking down the real culprit, and the film ends.

Ruthless killer, who plays the role of Kelly, Colt's clever girl assistant in the "Night Club Lady" film, the name of the killer, the following Dwight Frye in a heavy role. Donald Cook, Harry Holman and George Morris complete the important supporting players. "The Circus Queen Murder," adapted for the screen by Joe Swerling, was directed by Ray William Neill.

## SPORTS DAYS WILL BE HELD EARLIER THIS YEAR

The town of Sexsmith is undergoing a painting and clean-up orgy, and when completed will look like the famous "Spotted Town."

The White Mountain is being renovated inside and out. The Douglas Cafe has donned its spring garb of green and is looking attractive. The New England Cafe has since received its annual freshening. Jimmy Weston and Clive Taylor our tourist guides have been busy, and a small smell of perfume is in the air. The bank staff are all busy endeavoring to put the shingles on the outstanding notes, so taking it all in all, things are getting to look brighter.

AIR RAID DEMONSTRATION IN KENT BY V.A.D.'S

Recently members of the V.A.D. branch of the British Red Cross had to put on an air raid demonstration and the effect was very realistic. The caves at Chislehurst were fitted up as gas-proof shelters with two special air-lock entrances and the nurses had to work under very strenuous conditions. On the left some of the nurses are equipping themselves for the First Aid Station, while at the right they are looking for injured victims in the midst of a gas attack.

SHOPPERS BRAVE STIFLING DUST

Here is a striking photograph of two shoppers fighting their way through swirling clouds of dust in the streets of Tulsa, Okla., at 3 p.m. The lower photo shows three girls wearing dust masks and walking through the business section of Tulsa City, Okla., at 10 o'clock in the morning. The thick clouds of yellow dust paralyzed traffic in four states.

BARRYMORE ROMANCE ON THE ROCKS

One of the famous romances of Hollywood faded when the beauties Dolores Costello and her husband, John Barrymore, came to the parting of the ways. She is reported planning to return to pictures.

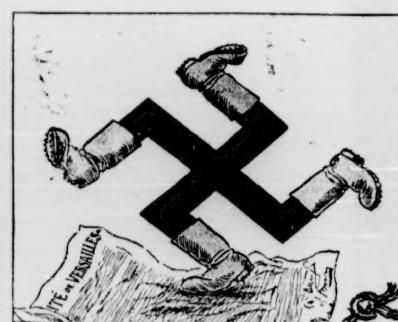

TRICENTENARY ANNIVERSARY DISPLAY OF HORSE DRAGOONS IN PARIS

## BIG LEAGUE STARS OF 1935

The Phillies have been battling to become a first division team and this season they have some tried stars to help them do the job. Vergez, upper left, and Ryan, lower right, came from the Giants. Wilson, upper right, and Davis, lower left, are holdovers from last season.

THE NOISE OF BOOTS — BOOTS — BOOTS  
—La Rive, Paris.A Few Items of  
World Interest

WASHINGTON, April 25.—Responding to leaps in silver prices, President Roosevelt on Wednesday boosted the United States government offer for newly minted domestic silver to 75 cents an ounce. Secretary of the Treasury Morgenthau said today the United States would continue to buy silver at that price, unless \$1.29 an ounce or until Treasury stocks equaled one-third of the total gold.

LONDON, April 24.—Hot certificates of alleged non-observance of Ottawa trade pacts await Premier Bennett and other dominion ministers when, after the Jubilee celebrations, they meet members of the United Kingdom cabinet and manufacturers and exporters.

TEHERAN, Iran (Persia), April 24.—A series of earth shocks, rocking northern Iran since April 12 still continue today, first killing an unknown number of persons and then causing damage. Thousands of persons are dead and thousands injured.

With the  
Boy Scouts

The 1934 Scout census for Nova Scotia showed 65 Wolf Cub Packs, 110 Scout Troops, and 12 Rover Crews, with a total membership of 4,120.

**A Distinction for Thursday Island**  
During their present visit to Australia and Lady Baden-Powell found the greatest number of Scouts and Guides to compete in an unexpected place—small Thursday Island, Queensland. From some 700 inhabitants—400 whites and 300 Malays and Japanese—200 Scouts and Guides greeted the World Chief Scout and Chief Guide.

**A Redskin-Paleface Battle** 1935  
Here's a modern battle, Redskin vs. paleface, on the ice. And it was the paleface that did the damage. It was a hockey game between Blackfoot Indian boys of the Okotoks Scout side, the 12th Troop, Alberta, and the 1st Rockyford Scout team. And the Indian lads won. 6-4. Some of their stars were Wolf Leg, Yellow Fly, Fox and Waterchief.

**Says Scouting Saves Windsor \$10,000**  
Annual

That the city of Windsor is saved some \$10,000 per year by the Boy Scout Movement was recently decided by Magistrate Brady—because of Scouting's effectiveness in preventing a certain number of boys annually being added to the roll of police court cases.

### WOMEN'S LIBERAL CLUB ADDRESSED BY MR. HAMELIN

Grande Prairie Women's Liberal Club's regular meeting was held last Friday afternoon in the dining room of the Grande Prairie Hotel, with twenty members present.

During the business session following reading of the minutes of the previous meeting, it was decided to enter a float in the Jubilee procession.

Mr. F. Dodge of Spirit River, who was to speak at this meeting, was unable to attend, so Mr. Hamelin, of Spirit River, was kind enough to take his place.

Mr. Hamelin's speech, though interesting, was most instructive and interesting.

He gave some very helpful pointers on the work of the club and the division of work among the executives. There is a greater need of good workers now than ever before, he said, and added, "It is up to us to find a good example for the other town and country clubs to follow, showing them how to organize, how to set out to work."

Mr. Hamelin explained briefly the impossibility of Social Credit improving people's lives.

The President, Mrs. Yule, moved a vote of thanks, which was seconded by Mr. F. Thomas.

The president then read "Fourteen Ways on How to Nourish and Build Up a Club."

## Wapiti Busts Up With Thrilling Pageantry

(By The Tribune's Correspondent)  
PIPERSTONE CREEK, April 29.

The Wapiti, for the last three days for river flat dwellers was reached to day at 12:45 p.m. when the river came near, threatening to destruction buildings and inhabitants on the ferry flat.

Speculations at the ferry house were about the time when the first cakes of ice being tossed into the air by the swollen river when a mountain of ice was observed coming down stream. All hands were on the job for higher ground across the muddy garden. An amusing diversion occurred when one man got stuck in the mud and had to be rescued by Dan St. Asnault.

The oncoming mountain of ice fortunately did not reach the village of Piperstone Creek leaving big chunks on the bank 40 feet above the river level, thus saving the property and the Osborne's from complete inundation.

During the excitement cameras were much in evidence. Mrs. Osborne may have had a professional photo taken of the break-up, but is not sure which way she held the camera.

**Near Escape from Being Guillotined**  
Mrs. Gibbons, standing under the eaves of the porch of her home, failed to notice that it was tottering. Shouts of friend went unheeded. Immediately after she moved away the porch collapsed, but Mrs. Gibbons remained a few seconds longer as she was, she would have been guillotined.

**Tableau Crash and Ferry**  
Dinner

Falling of the cable was followed by the collapse of the towers, the one on the far side spanning round three times before it fell.

"H. M. S. Piperton" i.e., the ferry, sustained considerable damage and was pushed across the road and up the bank by the ice.

The bust up has left a wall of ice 15 feet high on the bank facing the river, with a gap from the water's edge for 150 yards.

**It is an Ill Wind, Etc.**

It is thought that employment will be provided for several men for some time repairing the damage before the ferry is put back in service.

The position is reversed in Mr. Osborne's case, who, foreseeing events, had a load of sawn timber waiting, and was covering up the ice which has now encircled itself on the bank.

**Former Resident of G.P. Proud of Boys From the North**

The Tribune is in receipt of a letter from Mr. E. F. Fife, formerly of Grande Prairie, now living in Edmonton, in which he gives a vivid description of the rally of the Boy Scouts, held at the Grande Prairie arena. Fife, who has always taken a deep interest in the Boy Scout movement, writes in part as follows:

"The rally of the Grande Prairie Scouts on Wednesday and following some of them out to the rally on Friday evening. I don't think I am exaggerating when I say that the attendance was eight - about 2,500. Rover Scouts, Cubs, Guides and Brownies - with a camp party, carrying about twelve sets of camp equipment, trunks, etc.

"They were all massed on the floor of the arena, where a stand was erected for Lorne, the chief speaker. The Cub Scouts were in front, with the Guides in the rear. The Brownies, being a bit small, were left in the rear, where was a large platform, down the center of the parade directly in front of the stand for the Chief Scout and Guide.

"The march was a something new. The idea started with Mr. Loflin, who expressed the wish that he might see every Scout and Guide, and that the march should be a bit more paraded turned inwards facing the aisle and led by the colors, the Guides, Brownie Scouts and Cub met in two rows, one after the other, down the aisle, marched right up in fours at the salute, dividing in two again, right and left. This was very effective and drew a lot of applause from about 3,000 spectators.

"The whole affair was rehearsed once, and the march was a bit of a discipline of the Scouts, and it speaks well for that discipline when I say there was not a hitch in the whole march past.

"The first touch was very effective. The whole body made a hollow square in the rear, and the Guides, with the original colors of the 1st Edmonton Boy Scout troop held by two original members, one being Wey May. Then the Brownies, in two rows, marched up in the bleachers were 300 Cubs sitting in fine formation. Each Cub held a tea and sale of home cooking on Saturday, May 18.

**BORN AT MUNICIPAL HOSPITAL**

**W. A. TEA AND SALE OF HOME COOKING**  
The W. A. of Christ Church, Alberta, will hold a tea and sale of home cooking on Saturday, May 18.

**VANCOUVER, B.C., April 29.**—Proceedings of the four western provinces is inevitable unless the Dominion government takes steps to meet the foreign means of financing progress. Mayor Mcleod said Saturday, commenting on the statement of Acting Prime Minister Louis St. Laurent that the impossible for the government to employ all Canadian citizens on a work-relief basis, that the government cannot finance a work program, the only alternative is for the four western provinces to set up their own monetary system.

**WINNIPEG WHEAT**  
WINNIPEG, May 1.—Wheat prices will be held at the minimum until the original colors of the 1st Edmonton Boy Scout troop held by two original members, one being Wey May. Then the Brownies, in two rows, marched up in the bleachers were 300 Cubs sitting in fine formation. Each Cub held a tea and sale of home cooking on Saturday, May 18.

**EDMONTON LIVE STOCK**  
EDMONTON, May 1.—The cattle trade was inclined to be slow, buyers were bairn in their attitude, trading closed. Prices, however, remained stable with the market declining which precipitated a slight drop.

**EDMONTON, April 30.**—Appeal in the Macmillan Brownie damage action will not be heard by the Supreme Court of Canada until 10 October. Justice N. D. Macmillan, K.C., counsel for the appellants stated today.

**EDMONTON, April 30.**—As Mayor Clark voiced fears that the situation was critical enough to warrant martial law if the city "failed in its duty" and the government did not act, he called on the part of relief strikers to break the peace would be sternly suppressed. His appeal at a special meeting Monday night turned into a speech demands of the unemployed which precipitated a strike Monday.

**LONDON, April 29.**—Germany has built a new naval air base on the island of Sylt in the North Sea, which is situated off the coast of Denmark. It is 25 to 50 feet below last winter's low the hog market carious bugs sold for 17.65 for the bacon, fed and watered. A few trucked in sold at 18.40.
